Covvalent aims to disrupt the conventional $800 Bn Specialty Chemicals Industry globally through technology.

In an age of 10-min deliveries, Specialty Chemicals Industry is still marred with age-old problems – delayed deliveries and quality related rejections. We aim to fix these problems.

Covvalent is solving for future!

Our Ethos:

We aspire to be the most trusted, customer-centric organization and build a truly global organisation, with three core ethos

Customer-Centricity | Team-work | Hustle
